Nurturing mental health and wellness for caregivers

Supporting Caregiver Awareness, Learning and Empowerment (SCALE) Program

The SCALE Program aims to empower caregivers with practical information and skills to focus on their mental health and well-being needs by offering:

- **Weekly psychoeducational webinars (LIVE or RECORDED)** are divided into two 4-week sessions (see below for Session 1 and Session 2 topics). You may register for all of Session 1, Session 2, or individual webinars to suit your needs.
- **Strategies, tools, and resources** to better cope with difficult caregiving emotions.
- **Free and confidential online group and/or individual counselling (OPTIONAL).** *Space is limited. Registration is based on a first-come, first-served basis. **If you're planning to access these services, it is highly encouraged that you register for the full session of webinars to receive the maximum benefit from group or individual counselling.*

"The counselling was incredible and life-changing...the webinars had the right balance of information and self-directed work. I've used the accompanying resources to build my road to wellness. I was able to apply the knowledge, strategies and tactics to my work-life too. The benefits of the SCALE program brought wellness to all aspects of my being." - Caregiver
